Jennifer Duyne Barenstein, PhD

Curriculum Vitae 2023

Address

ETH Wohnforum – ETH Centre for Research on Architecture, Society and the Built Environment
Department of Architecture, ETH Zurich

[Redacted]

Phone: [Redacted] (office)

[Redacted] or [Redacted]

OrcidID: [Redacted]

Languages

Italian, German, English, French and Spanish: fluent
Bengali and Dutch: moderate

Domains of expertise

Socio-economic, cultural and gender dimensions of housing and urban development, informal settlements, displacement, resettlement and livelihood restoration, disaster risk management, post-disaster and post-conflict reconstruction; Extensive experience in applied research, in designing and executing participatory appraisals, feasibility studies, evaluations, household surveys, and in conducting and managing large-scale research projects.

Countries

Bangladesh, India, Indonesia, Nepal, Sri Lanka, the Philippines, Argentina, Bolivia, Colombia, Cuba, Haiti, Mexico, Nicaragua, United States, South Africa, Italy, Switzerland, and Ukraine

Education

2001: Ph.D. *Summa Cum Laude* in social anthropology, University of Zurich (Thesis: “Collective Action. Endogenous Initiatives in Water Resource Management in Rural Bangladesh”)

1987: M.A. in social anthropology, development sociology, and social and economic history, University of Zurich (Thesis: “Small Credits and Development. The Influence of Socio-Economic Factors on Poor-oriented Credit Programmes in Rural Bangladesh”)

Professional and academic experience

2022-Present: Executive Director of the ETH Centre for Research on Architecture, Society and the Built Environment (ETH CASE) and Executive Director of the MAS ETH in Housing

2016-2021: Senior researcher and lecturer; Executive Director of the MAS ETH in Housing

2015-2016: UN Habitat. Chief Technical Advisor (CTA) and Team Leader of the Housing Recovery and Reconstruction Platform (HRRP) in Kathmandu, Nepal.

2002-2015: University of Applied Sciences of Southern Switzerland (SUPSI), Institute for Sustainability Applied to the Built Environment (ISAAC). Senior researcher, founder and head of the World Habitat Research Centre.

1999-2008: Department of Social Anthropology, University of Zurich: Senior lecturer in anthropology of housing, anthropology of resettlement, anthropology of disasters, socio-economic and cultural dimensions of water resource management, and research methodology.

1993- 1998: Arcadis-Euroconsult, Rural Development Consultants, The Netherlands. Senior socio-economist in the Systems Rehabilitation Project (a national water management project of the Ministry of Water Resources) in Bangladesh. Responsible for the conceptualisation and implementation of strategies to enhance people's participation in flood control, drainage and irrigation, and team leader of a team 30 socio-economists, engineers, and agricultural scientists.

1992: UNICEF, Evaluation Division (HQ, New York): Evaluation of Unicef's strategies to support women's economic role, co-facilitation of an international conference, writing and presentation of a keynote paper.

1989-1991: AgriSwiss/Synergo, Regional Planning and Rural Development Consultants, Zurich, Switzerland: Social scientist. in Monitoring and Evaluation of rural infrastructure development projects in Bangladesh funded by the World Bank and SDC.

Project director of the following international research projects

2022-2026: "Negotiating Space for Cooperative Housing in Latin America: The case of post-conflict Colombia and El Salvador" funded by the Swiss National Science Foundation (SPIRIT programme)

2022-23: "Verdichtung oder Verdrängung" (Urban densification or displacement?). A research project carried out with the MAS Housing students 2022-23. The findings were presented in an exhibition at the ZAZ Museum Bellerive in Zürich from 26.01 to 26.04.2023.

2020-2023: Promoting peace and reconciliation through cooperative housing in post-conflict Colombia, in collaboration with Urbamonde, UNAL and co-funded the Housing Cooperative ABZ.

2019-2021: "Tackling the global housing challenges: relevance and replicability of Switzerland's and Uruguay's housing cooperatives' policies and strategies" funded by the Swiss Network for International Studies (SNIS).

2018-2020: "Art-based urban upgrading initiatives in Bogota: policy expectations vs. local impacts", funded by the Centre for Latin American Studies, University of St. Gallen.

2016: "Towards an inclusive urban reconstruction policy development process in Nepal" in partnership with the Earth Observatory of the University of Singapore and the University of Zurich, Switzerland, funded by the International Institute for Environment and Development (IIED), England.

2010-2014: "Understanding habitats, housing and social changes in post-disaster traditional and relocated rural settlements in India", funded by the Swiss National Science Foundation (SNSF) and the Swiss Agency for Development Cooperation (SDC).

2009: "Is relocation a viable strategy to mitigate the risks of natural hazards? Issues and experiences from the city of Santa Fe, Argentina, in partnership with the Universidad Nacional del Litoral, Santa Fe, funded by the Swiss Agency for Development Cooperation (SDC).

2008-2009: "Post-disaster reconstruction in Sri Lanka. Housing processes in contested and conflictive environments", funded by SDC.

2008: "Floods, livelihoods and housing processes in Santa Fe, Argentina". A training-cum-research project (with fieldwork in Santa Fe) in partnership with the University of Buenos Aires, funded by KFPE.

2005-2008: "Towards sustainable disaster preparedness. The role of local, national and global responses in enhancing societal resilience to natural hazards in India and Nicaragua", an international research project funded the Swiss National Science Foundation (SNSF) and SDC.

2006: "Sustainable Post-Disaster Housing Reconstruction. Environmentally, economically, and socio-culturally friendly strategies to repair, improve and maintain hazard-affected buildings in post-tsunami Tamil Nadu", funded by SDC.

2005: "Vernacular Housing and Building Practices in Tsunami-hit Coastal Communities in Tamil Nadu (India)", funded by SDC.

2004-2005: "A comparative analysis of housing reconstruction approaches in post-earthquake Gujarat (India), funded by SDC and Swiss Solidarity.

Senior consultant for the following international organisations and projects

REPIC (2016): Institutional advisor to the REPIC-funded project on *“Enhancing the energy efficiency of the low-income housing stock in Ukraine through energy performance certificates”* (2016)

The World Bank/IFC (2015): Desk study on *“The role of building and land use regulatory systems in disaster risk reduction”* for the publication *“Building regulation for resilience”* (<https://www.gfdrr.org/sites/default/files/publication/BRR%20report.pdf>), 2014-2015.

IDMC - Internal Displacement Monitoring Centre (2015): Research on *“Urban informal settlers displaced by disasters: challenges to housing responses”* <http://www.internal-displacement.org/assets/publications/2015/201506-global-urban-informal-settlers.pdf>

Misereor, Aachen, Germany (2007-2013) Desk study and field research on *“Right-based approaches to urban poverty alleviation in Indonesia”* 01-02.2013: Evaluation of the Habitat International Coalition and the Housing and Land Rights Network, 2012; Team leader of the Evaluation of thirty years of support to tenure security and social housing for the urban poor in the Philippines, 2008-2009; Team leader of the Evaluation of a community-driven post-tsunami housing and settlement reconstruction programme in 23 villages (3200 houses, infrastructure and livelihood restoration) in Aceh implemented by the Indonesian NGO Uplink, 2007.

ODR Collaborative, India (2012). Documentation of the owner-driven housing reconstruction approach of the *“Bihar Kosi Flood Recovery Project”*. 2012.

The World Bank (2010): Preparation and monitoring of the implementation of the Environmental and Social Management Framework (ESMF) for the Infrastructure and Institutions Emergency Recovery project in Haiti (2010 earthquake).

USAID (2010-2011) Development of a M&E framework for Haiti’s Neighbourhood Return and Housing Reconstruction Program for the Interim Haiti Recovery Commission (IHRC),.

The World Bank/GFDRR (2008-2010). Leading author of a Handbook for Post-disaster Housing and Community Reconstruction (www.housingreconstruction.org) in partnership with TCG International.

University of Luzern, Department of Cultural and Social Anthropology (2010): Senior adviser to the research project *“Social, cultural and political implications of rapid swidden demise: the case of the Bunong, Mondulkiri province, Cambodia”*. funded by the Swiss National Science Foundation.

FAO-World Bank (2009): Member of the stocktaking of Agricultural and Rural Development Programs and projects in India and South Asia Region; India, October 2009.

Swiss Solidarity (1998-2005): Independent expert and member of the Financial Commission <https://www.swiss-solidarity.org>

SDC - Swiss Agency for Development and Cooperation (2005-2006). Facilitator of a Training Course for SDC’s E+C Staff on *“Evaluation Approaches and Methodologies”*, May 2006 and consultant within the framework of the formulation of *“Guidelines on Culturally Sensitive Development Approaches”* (September-2005)

UN Commission for Sustainable Development - CSD 13 (2005). Member of the Swiss Delegation, New York, April 2005

Euroconsult, Rural Development Consultants, Arnhem, The Netherlands (2003): Short term assignment as an institutional adviser to Vishwas (Vizianagaram Initiatives on Sanitation, Hygiene Education and Water Supply) Project in Andhra Pradesh (India), October 2003

IFAD-International Fund for Agricultural Development (2002). Member of the impact evaluation team of the *“Netrakona Integrated Agriculture and Water Management Project (NIAPWMP)”* in Bangladesh. September-October 2002

IWMI – International Water Management Institute, Mexico (1999). Gender and Social Development Adviser to conceptualise and design the methodology for two research projects: the *“Gender, Property Rights and Policy Changes Project”* and the *“Institutional Support Systems Project”*. (04-05.1999)

The World Bank, South Asia Social and Environmental Unit, Washington DC (1998). Member of the review mission of the application of the World Bank’s social and environmental safeguard policies in Bangladesh. (02-06.2002); Design and execution of an empirical assessment of the institutional and socio-economic viability of the pro-posed *“School*

and Community Sanitation Project” in the context of the pre-appraisal of the GOB-WB Bangladesh National Environment Programme, (04-06.1998)

Environmental Geographic Information System (EGIS II), Bangladesh (1998). Advisor to the Evaluation of the “Early Implementation Project in Bangladesh”. (07-08.1998)

DFID-Department for International Development (1998) Member (Social Development Advisor) of the DFID Appraisal Mission of the “Hygiene, Sanitation and Water Supply Project”. (09-10.1998).

Teaching experience

09.2016-present: Senior lecturer at the Department of Architecture of the ETH Zurich and Executive Director of the MAS ETH in Housing. Teaching of four courses on: (1) Housing issues, challenges and strategies in the Global South, (2) Housing issues, challenges and strategies in Europe; (3) Housing research methods; (4) Writing and communication skills for built environment professionals

17.04.2015: Lecture on “Urban vulnerabilities, disasters and reconstruction challenges” at the ETH NADEL.

05-06.2015: Online course on 'Humanitarian Action and Urban Crises', and 'Post-Conflict Reconstruction' Oxford Brookes University, School of Architecture, Faculty of Technology, Design and Environment.

2013-2015: Three courses on: (1) “Post-disaster reconstruction approaches”; (2) Socio-economic and cultural dimensions of disasters and post-disaster reconstruction; (3) Evaluating the effectiveness, efficiency and post-disaster reconstruction: concepts and methods in the framework of a MAS on “International Cooperation” at the Institute for the Study of International Policy, Milan, Italy.

2010-2015: Lecture and Workshop on “An Anthropological look at Water Management Indigenous vs. engineered hydraulic infrastructure in Bangladesh” in the framework of the ETH Zürich MAS in Sustainable Water Management, Institute of Environmental Engineering.

2013-2014: Two courses on: Planning for post-disaster recovery and reconstruction and “Evaluating post-disaster reconstruction, issues, concepts and methods” in the framework of a MAS on “Disaster Risk Management” at the Centre for Education and Research on Humanitarian Action (CERAH), University of Geneva.

1999-2008: As a senior lecturer at the Department of Architecture of the ETH Zurich, Department of Social Anthropology of the University of Zurich, I developed and give courses, lectures, seminars and workshops to graduate and post-graduate students on the following subjects: research methodology, anthropology of housing, anthropology of resettlement, anthropology of disasters; anthropology of risk; and anthropology of irrigation societies.

Organisation of international conferences and exhibitions

“Tackling the global housing challenges: Housing cooperatives’ role in the provision of affordable housing”. International conference organized in collaboration with the Swiss Association of Housing Cooperatives (WBG), funded by the SNF and ETH Zurich (Zurich, ZAZ 6-8.12.2019)

“Sustainable Post-disaster Reconstruction: from Recovery to Risk Reduction”. 6th International i-Rec Conference, funded by the Stefano Franscini Foundation, IFRC and SDC. (Ascona, 26.05-30.05.2013)
