Competitività del Cloud Computing in Lombardia

Milan Area, Italy

- Supported a tier I large banking group to identify and implement the solutions (Organizational and Technological) required by General Data Protection Regulation (GDPR). Conducted POC and led workshops to present the new Privacy by Design/Privacy by Default processes and related tools to bank divisions (Asset Management, International Subsidiary banks and Private banking)
- Design and development of a Digital Executive Dashboard for top managers and general manager of a mid-size banking group to monitor the performance within their business, giving them both a high level view as well as the ability to drill down into the granular details of the business.
- Supervised 3-people team and set development goals to each member through coaching initiatives
- Supported 2 external senior contractors by conveying Client's needs regarding specific studies on external regulatory topics and conducting "deep dive" researches (PSD2 / NIS Directive)
- Led workshops (up to 20 participants) to build a deep knowledge on Digital Strategy, Mobile Payments and related regulations promoting collaboration through cross-functional consulting teams within PSD2 Scope
- Designed P&L model to estimate digital advantage related to digitalization of standard non-digital banking services with particular attention to cross-selling initiatives
- Supported mid-range banking Client in facing PSD2 "build vs comply" challenges through customer journey design, personas identification, app development supervision
- Contributed to the organization of 2 Hackathon Event in order to foster collaboration between EY internal resources, Client resources and Startup teams
- Conducted Digital Partners scouting and actively contributed to partnership establishment with large tech/digital player (Account Aggregation, PPAA mobile payment, AISP, X2A, more)

Senior Consultant | Risk Management

January 2013 - January 2019 (6 years 1 month)

Milan Area, Italy

- Covered Project Manager role in 9+ compliance initiatives with impacts on Operational Risk Management, Digital Strategy and Payment Services
- Assisted Compliance Officer and Enterprise Security Officer from top-tier large banking group (+100K employees) by conducting gap analysis towards external regulations and supervising internal regulations updating process in

order to comply with MiFID II, PSD2 and Regulatory Technical Standard (RTS) provided by EBA on Strong Customer Authentication

- Conducted market assessment and competitor analysis in order to verify digital strategy effectiveness towards innovative payment services (e.g. Apple Pay)
 - Supervised 3-people team and set development goals through coaching initiatives
 - Supported 2 external senior contractors by conveying Client's needs regarding specific studies on external regulatory topics and conducting "deep dive" researches
 - Led workshops to build a deep knowledge on Digital Strategy, Mobile Payments and related regulations promoting collaboration through cross-functional consulting teams
 - Supported Senior Managers in engagement management through estimating effort, calculating main economics, defining new proposals and leading new Junior Consultant on-boarding
 - Delivered high quality Project Management tool (Masterplan) reducing by 2 FTE (out of 3) the effort needed for projects supervision
 - Continuously reported to Engagement Managers on projects advancements, new selling opportunities and performance of the assigned consulting team
 - Assisted Client in Vendor Management by providing regulatory requirements, analyzing target solutions, conducting RFI/RFP and related Risk Assessment
 - Actively contributed to improve RFI/RFP process reducing the estimated time needed from weeks to days by defining a new lean knowledge sharing process
- Recent engagement: MiFID II, PRIIPs, IFRS9 / IAS 39 (SPPI Tool), iCPPI Automation (Banca IMI), IPV, EPC | SEPA Instant Payments (PSD2), PSD2, Vendor Management
