Language	Reading	Speaking	Writing
Italian	1	1	1
English	1	1	1

7. **Membership of professional bodies and Associations:**

AISRE, Riabitare L'Italia

8. **Other skills:** Computer literacy: Fully computer literate (*Operating Systems*: DOS; Windows; Macintosh). *Word processing and databases*: Microsoft Word, Microsoft Excel, Access. *Statistical and econometric analysis*: SPSS, Statview; Minitab, RATZ; Shazam, Carte e Basi, MapInfo. *Other programmes*: Power Point, Netscape Navigator; Microsoft Explorer, Safari. *Social Media*: Facebook; Instagram; Twitter.

9. **Present position:**

Senior Researcher at CREA - Council for Agricultural Research and Analysis of Agricultural Economics (permanent position)

10. **Years within the firm:** 26

11. **Key qualifications:**

- Over the years she has been involved in more than 40 projects and as project leader in 25 and authored over 100 publications (Journal Articles, scientific papers, book chapters, reports, guidelines, other technical documents) and edited five books
- Between 2000 and 2020 she drafted the section devoted to Community policies for rural development within the Yearbook of Italian Agriculture (Annuario dell'Agricoltura Italiana) edited by CREA

Curriculum vitae

- She has good *communication skills* gained through her experience as policy advisor, in training activities and through conferences participation and organisation
- She possesses strong organizational and managerial skills. Within her role at Crea, she has taken on increasing responsibilities as a team leader in various projects aimed at providing technical assistance to national authorities for programming EAFRD measures and harmonizing the Italian implementation system with the European framework across programming periods spanning from 2000 to 2027;
- **Since 2016 she is in charge of a multidisciplinary team supporting National authorities (Ministry of Agricultural Policies and Regions) for the designation of Areas Facing Natural or other specific constraints within the framework of community rural development policies.** The team has: defined and applied, on behalf of Regions, a National methodology for **the evaluation of biophysical criteria, following JRC guidelines and relying on information and surveys availability in Italy**. She lead the confrontation with Regions and the negotiation with JRC and DG-Agri on the methodology applied; identified the indicators to be applied at national level for the “fine tuning”, in order to exclude from delimitation those areas where natural constraints, which ANCs support aims to compensate, have been offset by human intervention and/or technical progress.
- Since September 2012 she is a member of the inter-ministerial “Committee on Inner Areas” (the committee involves several ministries among the others the Presidency of the Council of Ministers, the Ministry of Cohesion, Ministry of Economic Development, Ministry of Agricultural Policies.). in this framework she was involved in stakeholders and innovative actors analysis with specific reference to innovation needs, organizational capacities, identification and mapping of possibility to cooperate and to improve market access of small farm through the development of high quality product and process.
- In the 2000-2006 programming period she has been involved, with a leader role for the rural component, in the setting-up of the National monitoring and evaluation systems for EU structural funds, **with a focus on the harmonization with the European Union framework**. She is currently supporting the National Monitoring of Inner areas Strategy intervention financed by EAFRD in the programming period 2014-22.
- **Since 1998 she supports National authorities, in the framework of EU structural funds, on the matters related to rural areas classification and zoning, complying with EU regulations.** She has been involved, with a leader role for the rural component: in the zoning of structural funds objective 2 regions for the 2000-2006 programming period; in the definition of a National Rural Typology to be adopted within Rural Development Programmes for 2007-2013, 2014-2020 and 2023-27 programming periods; to the ends of the National Strategy for Inner areas, in the statistical definition of ‘Inner Areas’ and in the designation of the 128 intervention areas (aggregation of municipalities) for the implementation of the Strategy (72 in the period 2014-20 and 56 for the 2021-2027).

Curriculum vitae

12. Professional experience

MAIN RESPONSIBILITIES (<i>Funded projects</i>)				
Date from - Date to	Location	Company	Position	Description
