### SKILLS AND INTERESTS

I have developed solid experience in video editing, having worked for several years on sports highlight videos, with a focus on editing and the production of audio and visual effects. I have also filmed and edited numerous projects for musical artists, including official music videos and content for social media.

Alongside my work in video production, I have competed at an agonistic level in tennis, taking part in team tournaments in D1 and reaching the third category. I also have four years of experience as a tennis instructor at the Milano Sport association's sports center.

I am a responsible and professional individual, able to collaborate effectively in a team and committed to achieving my objectives.
