[REDACTED]

Current activity

Since August 2002, Group Insurance & Claims Manager at the Headquarters of Autostrade per l'Italia SpA (Atlantia Group SpA) in Rome.
The position reports to the CFO of Autostrade per l'Italia and of the Atlantia Group.

Main responsibilities:

- Group Board Risk Committee interface;
- management of relationships with Brokers and Insurance Companies;
- management of Group Corporate, Master and special cover
- management of TPL/A claims in self retention;
- insurance risk management specialist for Construction activities (CAR, ALOP)
- Liability management specialist (GTPL, PTPL, WTPL), Employee Benefits,
- D&O and Product TP specialist
- management of complex PD/BI claims
- foreign tender specialist

Mission:

- Define, through the risk management methodology and subject to obtaining all the necessary information, correct transfer of the Group's risks, also identifying advanced solutions for the optimisation of insurance coverage in terms of self-retention, insurance deductibles and insurance ceilings, limiting premiums and maximising TCR (Total Cost of Risk) effectiveness.
- Manage all Group insurance policies, also taking care of premium payments and the related administrative management, governing relations with Brokers for brokerage and insurance cover renewals.
- Manage claims of all Group policies (TPL, Property Allrisk, vehicle fleets, Employee Benefits, Professional TPL) including those which fall in the self-retention area.
- Provide advice and technical support on insurance matters to company functions and to Group Companies, also regarding the management of claims generated by the insurance cover provided by contractors, suppliers and trustees, as well as the management of claims relating to insurance coverage provided by third parties.
- Provide advice and technical support on insurance matters for tenders and the Group's foreign activities
- Manage, with the application of a statistical model, the recovery of damages incurred by motorway infrastructures resulting from road traffic, liaising with counterparty insurance companies, liquidators and loss adjusters
- Develop, educate and train resources in order to allocate independent risk and claims management resources throughout the country.

Training, association and conference activities

- Vice President of ANRA - National Association of Risk Managers and Corporate Insurance Officers - (<http://www.anra.it>)
- Lecturer for Cineas (Insurance Engineering of the Politecnico di Milano) in various Master and Training courses.
- Lecturer in the Master in Management, MIP Politecnico di Milano School of Business
