FRAGILITÀ TERRITORIALI  
2023 - 2027

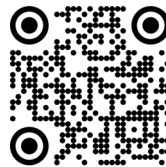

**M—US—T**  
**Master**  
**Temporary**  
**Uses**

**1st and 2nd level international**  
**master's degree**  
**Politecnico di Milano**  
**September 2024 - September 2025**

How to activate temporary reuse projects of abandoned spaces?  
How to accompany over time long and uncertain regeneration processes of large urban areas with temporary and inclusive uses?  
How to temporarily activate new imaginaries and test modes of use in public space or build landscapes with communities through temporary uses?  
How to design temporary quality solutions in the "interim time" post-disaster situations or how to design temporary events and evaluate their effects?

**M-US-T Master Temporary Uses** is a new master's degree of Politecnico di Milano, organized in 3 parts and 6 thematic modules built around the relationship of temporary uses with the themes of **reuse, large projects, landscape, public space, post-disaster and major events**.
